Motion Carried 3-0

Notice

Commissioner Averill made a motion to approve Notice Item one. **Commissioner Schulte** seconded the motion. Candace Hallom, Interim Clerk of the Board, read the items into the record.

- 1. Notice of Workshops and Hearings: Regarding compliance with the Growth Management Act's requirements for Agricultural Resource Lands (ARL's). Hearings and workshops will be held on or after 10:00 am, on August 10, 2009 (rescheduled from July 27, 2009)**

Item No. 1: Robert Johnson, Community Development explained to the members of the public regarding the notice agenda and that today was originally designated for a hearing for the ARL's designation under the compliance order from the Western Washington Growth Management hearings board. We did find out last week that there was a glitch in the link for some of the materials that were on the BOCC website and it may have given the public a wrong impression so rather than risking confusion to the public the BOCC, Staff, and Consultants felt it was best to put off the hearing and notify those people who got post cards, to put notices in the papers, libraries, senior centers, and media that the hearing has been postponed until the 10th of August.

Commissioner Averill noted to Mike Strozyk that we should look at where we are duplicating things on our website because it creates the opportunity for a mistake. One of the ways to correct it is to not have multiple places to go.

Michael Strozyk, Central Services thinks the best solution is to have it link to one master page.

Commissioner Averill express his appreciation to the media for having given due notice to the public that this was being postponed. It was covered very well this morning on KITI news.
